

Instructions for writing abstracts

Respected colleagues,

Abstracts of the papers for the conference "Scientific achievements and practice implementation" can be submitted to 20th of February, 2014 (in the frames of the given topics).

On the conference, only original practical or scientific papers from the specific area will be presented, which are not published or presented on other conferences.

One author can submit two scientific or vocational papers, at the most, from which the author can be first author only on one of them.

● Abstracts should be written in both Macedonian and English language. It is common for the abstracts to contain the following elements:

- Paper title;
- Name/s of the authors and institution/s they work in;
- Short content;
- Key words (from 6 to 8);
- Write e-mail address for correspondence in footnote.

The abstract should have the following structure:

- Introduction;
- Subject/problem of research;
- Methodology;
- Results;
- Conclusion.

● Abstract should be formatted by the following rules:

- Abstract length: to 300 words (not including title, name/s of the authors and institution/s they work in and key words).
- Dimension: A4
- Margins: up and down - 2,5 cm, left and right -2 cm.
- Font: Times New Roman, with Macedonian support
- Letter size:
 - title: 14pt, **bold**.
 - name/s of the authors and institution/s they work in: 10pt
 - text: 11pt, *italic*.
 - Key words (from 6 to 8): 12pt, regular
